

CLAIMS

1. A compound expressed by the general formula I:

wherein

X represents NH or O;

10 Y represents a vinyl group substituted by a methyl group or a phenyl group, or a phenyl group substituted by a methoxy group or a fluorine atom; and

Z represents a phenyl group substituted by a methyl group, a carboxyl group or a nitro group, or a naphthyl group, with proviso that

the compound excludes a compound expressed by a formula:

15

20

2. The compound expressed by the general formula I according to claim 1, wherein the compound is expressed as a formula:

25

30

3. The compound expressed by the general formula I according to claim 1, wherein the compound is expressed as a formula:

4. The compound expressed by the general formula I according to claim 1, wherein the compound is expressed as a formula:

10 5. The compound expressed by the general formula I according to claim 1, wherein the compound is expressed as a formula:

20 6. The compound expressed by the general formula I according to claim 1, wherein the compound is expressed as a formula:

25 7. The compound expressed by the general formula I according to claim 1, wherein the compound is expressed as a formula:

8. An ultraviolet ray protection agent including a compound having an ultraviolet ray protection effect as an active ingredient, the compound being expressed by the general formula I':

5

wherein

X represents NH or O;

10

Y' represents a vinyl group substituted by a methyl group or a phenyl group, or a phenyl group substituted by a methoxy group or a fluorine atom, or a naphthyl group; and

Z represents a phenyl group substituted by a methyl group, a carboxyl group, or a nitro group, or a naphthyl group.

15

9. The ultraviolet ray protection agent according to claim 8 including the compound expressed by general formula I' as an active ingredient and having the ultraviolet ray protection effect, the compound being expressed as a formula:

20

25

10. The ultraviolet ray protection agent according to claim 8 including the compound expressed by general formula I' as an active ingredient and having the ultraviolet ray protection effect, the compound being expressed as a formula:

30

11. The ultraviolet ray protection agent according to claim 8 including the compound expressed by general formula I' as an active ingredient and having the ultraviolet ray protection effect, the compound being expressed as a formula:

12. The ultraviolet ray protection agent according to claim 8 including the compound expressed by general formula I' as an active ingredient and having the ultraviolet ray protection effect, the compound being expressed as a formula:

13. The ultraviolet ray protection agent according to claim 8 including the compound expressed by general formula I' as an active ingredient and having the ultraviolet ray protection effect, the compound being expressed as a formula:

14. The ultraviolet ray protection agent according to claim 8 including the compound expressed by general formula I' as an active ingredient and having the ultraviolet ray protection effect, the compound being expressed as a formula:
